

Ballard School – 1927

Swauk Teenaway Grange burned in 2005

## Our history

The historic building, shown in the 1927 photograph (left), was built in 1904 and served as the Ballard School, named after the donor of the land the one room school occupied.

Children of the early residents of the Teenaway Valley and Swauk Prairie received their education in this one room schoolhouse until 1937 when the school districts were consolidated in Cle Elum and the building and land were deeded to the Swauk Teenaway Grange #984.

The Grange is a fraternal organization with seven degrees.

- The first four are the Subordinate (community) Grange.
- The 5th is Pomona (county)
- The 6th is State
- The 7th is National.

The traditional degrees explain the meaning and concepts of the Grange.

The Swauk Teenaway Grange meets on the second Friday of the month at 1:00 p.m. for our business meeting. The women's auxiliary meets the first Friday of the month for a luncheon meeting. The Grange holds a monthly social get-together from October through April.

Rebuilding begins in 2005

Nearly completed building – 2005

Over the past seventy years it has been the Grange Hall and center of activity for the rural community in upper Kittitas County. Thousands of people have come through its doors for dances and dinners, meetings, weddings and memorial services, birthday parties, reunions and anniversaries.

Our hall is available to rent for weddings, receptions, banquets or family gatherings. The beautiful new building promises to be a place where new memories will be made.
